Subject: 421168.040: IW Sampling of Stormwater Vaults at KCIA

Hi Fritz;

For the analytical costs associated with the KCIA stormwater vault sampling, charge to IW Project Code: 421168.040. When we get your final billing, and we have finished all of our work, we will bill KCIA directly on our end. This will be an easier way to track the project.

Thanks,

Bruce
